

KAMBOO PROJECT

Supporting Cambodians

Dear friends of Kamboo Project

It's hard to believe that this year is already coming to an end!

2025 has been another very busy year for our team on the ground: our projects for schoolchildren in Cambodia have continued to grow – both in scope and in the variety of topics covered. We owe this to the many great ideas and initiatives from committed donors, volunteers, and organizations among you.

Below are two recent examples from November.

Thanks to your support, we were able to deliver 35 laptops to three rural primary schools in Cambodia!

Forty-four generous donors contributed over CHF 6,000, also supported by GEWA and Swiss Cargo. Our volunteer Martin Forderkunuz organized also a lot—from procurement to distribution. The devices enable digital teaching for the first time and open up new opportunities for children.

Swiss Olympic Sports School gives knowledge for the future!

Thanks to the generous donation of eight microscopes, children in four rural schools in Cambodia can discover the fascinating world of science for the first time – from plant cells to tiny creatures in water. A big thank you to the Swiss Olympic Sports School/Stiftung Sport-Gymnasium (SSGD) for this great support!

Christmas campaign:

Give the gift of education – give children with only one parent a future!

We would like to recommend something special for Christmas: In Cambodia, many children have to drop out of school because their families cannot afford the costs. You can change that! With your donation, you can finance a scholarship and give the gift of education.

👉 **Donate now and give the gift of a future!**

If you don't want to focus on a specific issue, general donations help us to respond flexibly to needs in Cambodia. You can do this here:

Donate now

We hope we have been able to show you all the wonderful things your support can achieve! Thank you very much! We wish you a wonderful Christmas season and a happy New Year!

Warm regards,
Your Kamboo Project Team
